

EARLY PUCH 250 TIRE GUIDE

Model Numbers 810.94180-810.84182, 810.94220-810.94222

QUICK CHECK!

If you don't know your Twingle's model number, a 250 will always:

- Have **TWO** spark plugs (**B8HS**)
- Have **TWO** gas caps
- Have a **ROUND** gas tank (Early Models only)

Once you're sure you have an early 250 Twingle, we can move on to...

TIRE OPTIONS FOR EARLY 250

Heidenau K33

3.50 x 16

Heidenau 'K33' tires are 4 ply with a Block C vintage tread pattern and the best quality available.

900.0848HK Tire Kit contains:

All items available individually

2 - **Heidenau K33 3.50 x 16 Tires**

2 - **3.50 x 16 Inner Tube # 900.0849**

2 - **16 Inch Rim Strip # 900.0830**

Golden Boy

3.50 x 16

'Golden Boy' tires are 4 ply with a vintage tread pattern and are very similar to the original Semperit tires

900.0848GK Tire Kit contains:

All items available individually

2 - **Golden Boy 3.50 x 16 Tires # 900.0848G**

2 - **3.50 x 16 Inner Tube # 900.0849**

2 - **16 Inch Rim Strip # 900.0830**

Pirelli

3.50 x 16

Pirelli tires are 4 ply and have a vintage tread pattern with a low profile. (Should be used in pairs because of the sidewall height difference from the original Semperit.)

Pirelli 3.50 x 16 Tire # 900.0848P

Shinko

90/80 x 16

Shinko tire with modern tread pattern and low profile suitable for 250 Twingle use. (Should be used in pairs because of the sidewall height difference from the original Semperit.)

Shinko 90/80 x 16 Tire # 900.0848

Tubes and Rim Strips

3.50 x 16 Inner Tube # 900.0849

16 Inch Rim Strip # 900.0830
